

ENVIRONMENTAL PRODUCT DECLARATION

GreenSteel Structural Section (RHS 150x100)

Pacific Steel Manufacturing | Brisbane, QLD, Australia

1. Product Information

EPD Number	EPD-AUS-2024-0201
Material Category	Steel
Manufacturer	Pacific Steel Manufacturing
Location of Production	Brisbane, QLD, Australia
Country	AU
Declared Unit	1 tonne of hot-rolled structural steel section
Functional Unit	1 tonne
Standard	ISO 14044, EN 15804+A2
Valid Until	2027-06-01

2. Physical Properties

Property	Value	Unit
Density	7850	kg/m ³
Compressive Strength	N/A	MPa

3. Life Cycle Assessment Results — Global Warming Potential (GWP)

Results are expressed per declared unit. A1–A3 represents the cradle-to-gate production stage.

Indicator	A1–A3 (Production)	Unit
Global Warming Potential (GWP)	1820.0	kg CO ₂ e / 1 tonne
GWP per kg	1.8200	kg CO ₂ e / kg
Ozone Depletion Potential (ODP)	< 1.0e-6	kg CFC-11e
Acidification Potential (AP)	N/A	mol H ⁺ eq
Eutrophication Potential (EP)	N/A	kg PO ₄ ³⁻ eq

4. Additional Notes

Electric arc furnace production. 93% recycled content.

This EPD has been prepared in accordance with ISO 14044, EN 15804+A2. EPD Number: EPD-AUS-2024-0201. Valid until: 2027-06-01.
